

A note from your speaker.

I remember working as a psychotherapist in a non-profit HMO, seeing client after client. They were anxious, panic-attack prone or just unable to cope with stress. They had seen physicians with little success. I was of no help. I was stuck in a rut treating symptoms and focusing on what was wrong rather than treating them as an individual and reinforcing what was right.

Desperate to find something better for myself and my clients, I walked into a meditation class with the most amazing, dynamic and confident teacher. After one session I was more energetic, better able to cope, and found myself more attentive with my clients.

This caring and incredible instructor was Jon Kabat-Zinn, the founder of Mindfulness-Based Stress Reduction (MBSR).

That was 30 years ago and since then, along with the help of Jon Kabat-Zinn, I have been able to transform my life and my practice, using these very principles I discovered at that yoga class back in Worcester, Massachusetts. I became an instructor alongside Jon, started my own practice, and was beginning to see incredible treatment outcomes with my clients. I was feeling energetic and confident in myself and my clinical work.

Then in 1995 I was diagnosed with cancer. I put Mindfulness-Based Stress Reduction to the test and experienced first-hand how to handle the pain and stress of chemotherapy and all that goes with a stem cell transplant.

My personal and clinical experience with this evidenced-based approach led to the development of mindfulness-based interventions for bone marrow transplants at the University of Massachusetts Medical Center, Emory University, and the Dana Farber Cancer Institute.

Mindfulness-Based Stress Reduction changed my life and has changed the life of many of my clients. I want to share these strategies with you.

These tools are powerful and simple, to see for yourself, go to www.pesi.com/go/elana where I have posted a FREE technique for you to use with your clients. Go now, it will only be available for the next two weeks, and if you like it...I hope to see you soon at my Course.

Here's to healing,

Elana Rosenbaum
